Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Oak Glen Flood Control Culvert Replacement in fiscal year 2024. The entity to receive funding for this project is San Bernardino County Flood Control District, located at 320 North E St, San Bernardino, CA 92401. The funding would be used for flood control purposes. The project is an appropriate use of taxpayer funds because the existing flood control infrastructure in the area has been overwhelmed and is unable to adequately handle the extraordinary flow of debris which threatens the well-being and safety of the surrounding community.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Jay Obernolte
Member of Congress
